Manager's Lowdown

Hello YLN Members,

August was an event filled month! The 2018-19 school year has begun for our K-12 and academic libraries, and we've been busy here at the YLN offices as well! Eric has settled in nicely and is busy accepting and cataloging materials from many of you. He's familiarizing himself with our catalog and has formed a working group to review the Cataloging Manual and make some updates. He's definitely "hit the ground running" and we are lucky to have him.

Ethel is hard at work sorting materials and our courier service is, I believe, getting closer to achieving our goals. Feedback on how we're doing is always welcome, as are suggestions. And as always, please let me know if you have any comments or concerns.

Chanel is currently working on the Kids Catalog with SirsiDynix and it should be ready for release in the next two weeks. There are just a few more tweaks to make to get everything working properly and we want to be sure that it is up to our standards before release. Once completed, we'll let you know how to implement.

Also in August, we ordered the CircTrack Shelf Manager (wand) from Tech Logic. Several of you have offered to test it out when it arrives—I'd like to have as many as possible put it through its paces within the first 30 days so we can decide whether or not to keep it. If you're interested in a very short trial period, please let me know.

In addition, we've placed our order for BC Mobile with SirsiDynix and work has already begun. Creating the app and getting it ready for prime time will take several months, but we are making this a top priority and will do our part to make it available to the public as soon as possible.

Our DPLA trial is almost complete. We're currently collecting input from the library patrons who tested the SimplyE app and will be submitting it soon. After that,

we'll prepare a final report about our experience for both the Network and DPLA.

At their August meeting, the Executive Board approved Corey's decision to move from Novelist to Syndetics Unbound (SU) for enriched content that is integrated into Enterprise. SU offers more content than Novelist for a lower price, and is also natively supported by Enterprise, while Novelist is not. This change will also be beneficial as we develop our BC Mobile app.

Also, I have formed an ad hoc working group to review our eMaterials options. Our Overdrive contract is set for renewal in December, and I believe this is a good time to review our options. You'll be receiving updates as we move forward.

On that note, please enjoy the following, from Paula Poundstone, "The truth is libraries are raucous clubhouses for free speech, controversy and community."

~ Judy

Member News

At Yavapai College:

Presidential Speaker Series: Soledad O'Brien
September 25 at 10 am in the Yavapai College Performing Arts
Center

The Literary Southwest: Alberto Rios
September 21 at 5:30 pm in the Yavapai College Performing
Arts Center

Prioritization

Priority One: Resolve Current Helpdesk Requests

A help desk request, or work order, is the submission of a problem that one encounters during the normal operation of a YLN service. Requests are generally submitted via e-mail to help@yln.info. If a request is submitted via telephone, then a YLN staff person will create the request for the submitter. Help desk requests will always be our highest priority because in some cases a member library employee cannot complete a work function until the issue is resolved.

Total requests submitted: 89

Total requests resolved: 78

Total unresolved requests opened this month: 11

Total requests still open: 32

Priority Two: YLN Strategic Plan

While the YLN has been very good about technology planning, the overall vision and strategy of the YLN has been more elusive. The Executive Committee has been working on developing a vision, mission, and strategic plan.

Goal: Develop a strategic plan that will bring the YLN to the year 2025.

Project Lead: Judy Poe

Progress:

- Review strategic plan
- Incorporate feedback into the plan
- Get approval for the updated plan
- Distribute the new plan

Priority Three: Implement BC Visibility

BlueCloud Visibility is a new product by SirsiDynix which converts our online catalog to a linked data model. This will make our records visible in search engines such as Google.

Goal: Implement BC Visibility

Project Lead: Chanel Wheeler

Progress:

- Receive a quote from SirsiDynix
- Get approval for the purchase
- Receive an implementation plan from SD
- Offload our bibliographic database to SD to be processed.
- Test the implementation.
- Go Live
- Advertise the new service

Priority Four: Implement Blue Cloud Cataloging

Blue Cloud Cataloging will allow library staff to access Symphony cataloging from a web browser. The new product should have significant user interface improvements above the cataloging section in WorkFlows.

Goal: Fully implement Blue Cloud Cataloging (BCC)

Project Lead: Chanel Wheeler

- Upgrade Web Services so we can use BCC
- Configure Web Services for the new service
- Test BCC to see how it works
- Create documentation
- Activate it for a test library to see how it works in a production environment
- Conduct a training session for all YLN users
- Activate it for the remaining libraries

Note concerning prioritization: The priority of projects may shift as individual portions are completed.

Prioritization

Priority Five: Testing SimplyE

Partnering with the Digital Public Library of America (DPLA), the YLN will be testing SimplyE which allows patrons to view all our e-materials at one site.

Goal: Fully implement SimplyE at several pilot libraries

Project Lead: Chanel Wheeler

- Choose libraries to be the pilots
- Have pilot libraries test the DPLA Exchange
- Have pilot libraries test Circ Manager
- Have pilot libraries test SimplyE
- Give feedback to DPLA
- Roll out to all YLN libraries

Completed Projects CY18

TechLogic contract and purchase of AMH

Cancelled/Postponed Projects CY18
