

Welcome to the Network!

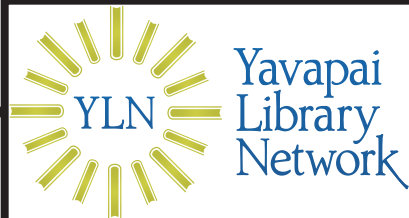

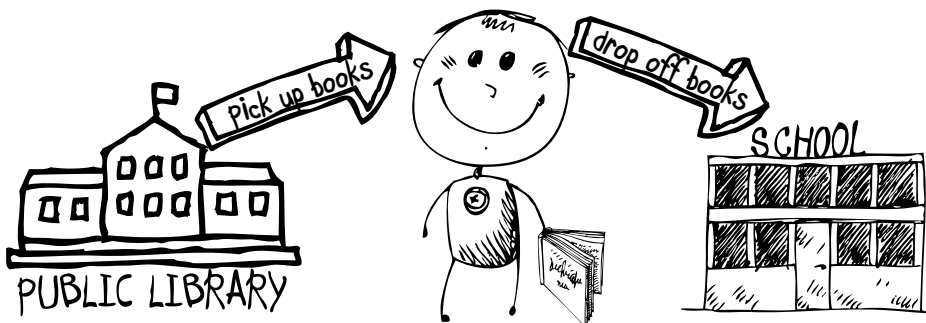

Your library is a member of the Yavapai Library Network joining 41 other academic, museum, public and school libraries throughout Yavapai County. Working together these libraries provide many resources and services for your use.

You can discover more about the Yavapai Library Network and how it can serve your family by going to our website at:

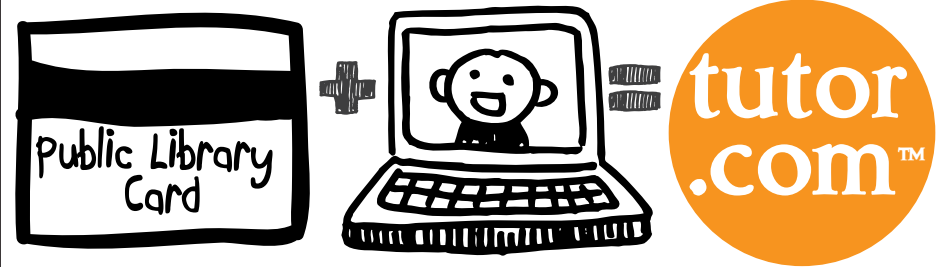

Drop Your Books Off Anywhere!

Membership in the YLN also allows you to drop items off at any library in the Network. In other words you could check books out at your local public library and return them at your child's school.

Free Homework Assistance

Your child can receive free homework help from tutor.com as long as they have a public library card. Simply go to your local public library's web site and connect to tutor.com!

You can also learn a new language through our subscription to Mango Languages.

Your Library @ Home

Your library can be reached from home! Simply go to the online catalog and select your library. You can place items on hold to be picked up at your library or any library of your choosing.

Also don't forget to check out our free e-magazines through Zinio and our 100,000 free ebooks,
